| 6 | 50 | _____ |
| 7 | 40 | _____ |
| 8 | 30 | _____ |
| 9 | 20 | _____ |
| 10 | 10 | _____ |

Scoring Rules:

Each division scored separately.

Only 2 teams of each company (2 best scores) will count towards scoring.

Team events: when a team is unable to field an entire team, they may still participate as long as at least one (1) participant is entered. Teams will be penalized by assignment of a time equal to the slowest actual time or largest variance in that event (and division) plus a penalty of 2 minutes.

Events will be scored with the fastest time or highest score in each division being awarded first place and increasingly slower times being awarded subsequent positions.

Time predicted events will be scored with the smallest variance (either above or below predicted times) in each division being awarded first place and with increasingly greater variances being awarded subsequent positions.

Companies must participate in all mandatory events for their division in order to win Corporate Cup.

If 3 or less teams are entered in an event the "points" will pro-rate accordingly.

Lighthouse Run:

1 point for each participant up to 50 participants
 50 points for 51-100 participants
 50 points for 101+ participants
